RURAL COMMUNITIES HOUSING DEVELOPMENT CORPORATION

ANNUAL FINANCIAL REPORT

OCTOBER 31, 2008

ROBERTSON & ASSOCIATES, CPAs A Professional Corporation

RURAL COMMUNITIES HOUSING DEVELOPMENT CORPORATION ORGANIZATION OCTOBER 31, 2008

Rural Communities Housing Development Corporation (RCHDC) is a California not-for-profit corporation which was incorporated in November 1975. The primary purpose of RCHDC is to develop low-cost housing through the use of government financing, subsidies and other available resources to alleviate housing problems affecting low and moderate income families and to promote the welfare of the elderly and handicapped.

INDEPENDENT AUDITOR'S REPORT

Board of Directors Rural Communities Housing Development Corporation Ukiah, California

We have audited the accompanying consolidated statement of financial position of Rural Communities Housing Development Corporation (a nonprofit organization) and its affiliates (see Note 1) as of October 31, 2008, and the related consolidated statements of activities and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

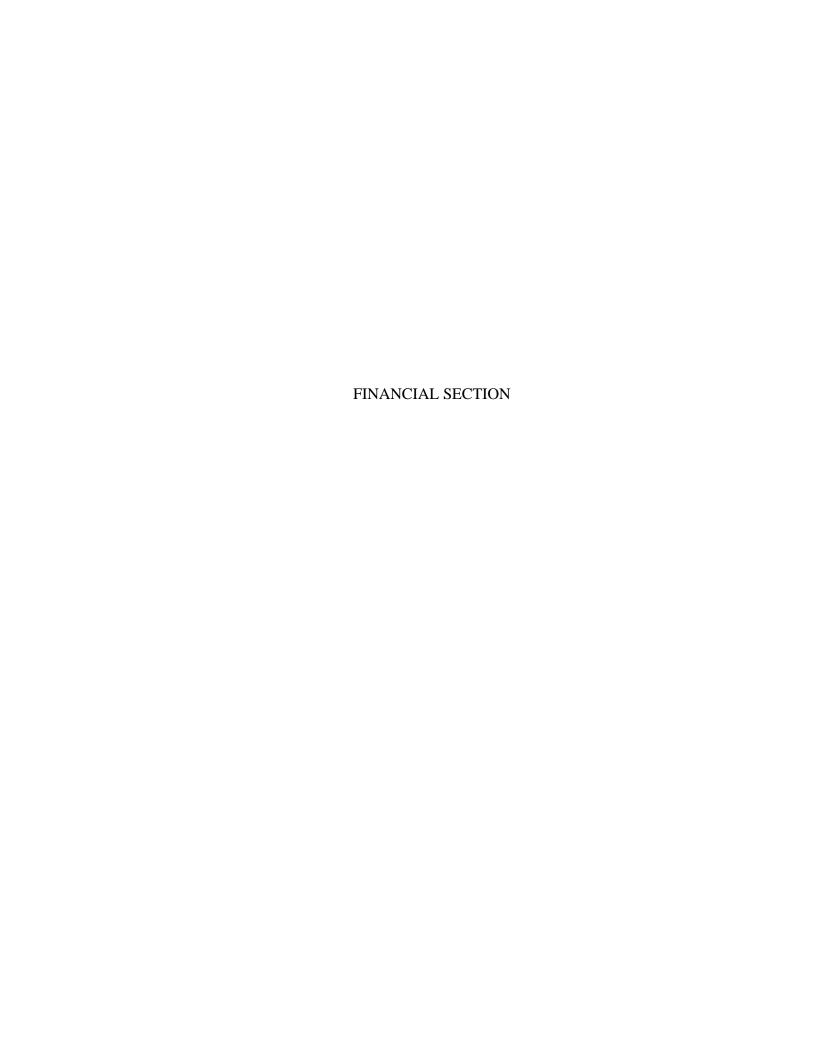

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Rural Communities Housing Development Corporation and its affiliates as of October 31, 2008, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2009, on our consideration of Rural Communities Housing Development Corporation and its affiliates' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Rural Communities Housing Development Corporation and its affiliates taken as a whole. The supplemental information (shown on pages 32 through 38) is presented for purposes of additional analysis and is not a required part of the financial statements of the Organization. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Rural Communities Housing Development Corporation (RCHDC) is a California not-for-profit corporation that was incorporated in November 1975. The primary purpose of RCHDC is to develop low-cost housing through the use of government financing, subsidies and other available resources to alleviate housing problems affecting low and moderate income families and to promote the welfare of the elderly and handicapped.

Principles of Consolidation

The accompanying financial statements include the accounts of the RCHDC and its affiliates. Significant intercompany accounts and transactions have been eliminated in consolidation, as presented in the respective statement columns. Intercompany transactions include management fees, accounting fees and receivables and payables between related parties.

These financial statements include Funds 10, 20, 21, 22, 23, 70 and 90 of RCHDC, its owned housing projects, and controlled housing projects and related entities. All but two of the controlled housing projects are owned by separate corporations, which share the same board of directors as RCHDC. The other two of the controlled housing projects are owned by limited partnerships in which both the general partner and the limited partner are corporations, which share the same board of directors as RCHDC. The controlled entities, other than housing projects, are generally corporations or limited liability companies, which share the same board of directors as RCHDC. Some of these controlled entities were formed to serve as general partners in limited partnerships which own housing projects that are not consolidated in the financial statements. RCHDC also manages other housing projects with unrelated ownership that are not consolidated in the financial statements.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

RCHDC uses the accrual basis of accounting. Under the accrual basis of accounting revenues are recognized when earned and expenses are recognized when incurred.

Net Asset Classes

<u>Unrestricted Net Assets</u> are those currently available for use of the organization, as determined by the management and board of directors as appropriate.

<u>Temporarily Restricted Net Assets</u> are those received with donor stipulations that limit the use of the donated assets. Once the donor stipulations have been met, these net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

<u>Permanently Restricted Net Assets</u> are those contributed with donor stipulations that permanently limit the use of the donated assets for the purpose intended by the donor.

Description of Funds

RCHDC maintains separate funds for each low-income housing project it owns and for each Federal grant it administers. In addition to these funds, RCHDC maintains corporate, administrative and trust funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are intended. The corporate, administrative, operating and trust funds are grouped into categories as follows:

Corporate Fund (Fund 10)

Assets, such as land, buildings, computer equipment and other assets, used by RCHDC to manage its housing projects and funds are recorded in Fund 10. Sources of revenue for Fund 10 include interest earned on bank accounts and other miscellaneous revenues. Fund 10 is charged with depreciation for the fixed assets discussed above.

Administrative Fund (Fund 20)

Sources of revenue for Fund 20 generally include rental income from commercial real estate owned by the Company, accounting fees charged to some of the housing projects where appropriate, laundry revenue from contracts with many of the housing projects managed by RCHDC, and expendable grant income where appropriate. All administrative costs of managing RCHDC and its related entities as well as costs specifically related to the production of revenue discussed above are charged to Fund 20.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revolving Development Fund (Fund 21)

Fund 21 is used to acquire and develop land for proposed Self-Help projects and for low-income family and elderly housing projects. Revenues for Fund 21 generally include grant income designated for specific projects or developer fees associated with the completion and lease-up of new or rehabilitated low-income housing projects.

Property Management Fund (Fund 22)

Revenues for Fund 22 generally include property management fees from both affiliated and unaffiliated low-income housing projects that are managed by RCHDC. All direct costs of property management are charged to Fund 22.

First Time Home Buyer Fund (Fund 23)

All direct costs associated with the Home Ownership Center are charged to Fund 23. Revenues for Fund 23 generally include nominal charges to participants in the home ownership classes as well as grant income as appropriate.

Self-Help Technical Assistance Grant (Fund 70)

Fund 70 administers the USDA and HCD Technical Assistance grant funds to support the Self-Help families. Therefore, all costs associated with the oversight and management of the Self-Help program are charged to Fund 70.

Self-Help Construction Trust Fund (Fund 90)

Fund 90 is a trust account used to account for the Self-Help construction costs for each family. Costs incurred in excess of budget are either reimbursed by Rural Economic and Community Development Services (RECDS), charged to the individual family responsible for the cost overrun or absorbed by RCHDC.

Property and Equipment

Property and equipment are valued at acquisition cost. Major additions are capitalized as they are placed in service, and minor improvements, which do not extend the useful life of the asset, are expensed in the period incurred. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, which range from five to forty years.

Cash and Cash Equivalents

For purposes of the statements of cash flows, RCHDC considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. There were no cash equivalents as of October 31, 2008.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash balances in banks are insured up to \$250,000 from October 3, 2008 through December 31, 2013 by the Federal Deposit Insurance Corporation (FDIC). As of October 31, 2008, RCHDC's Funds, Owned Projects and Controlled Projects and Entities held cash in banks in excess of amounts insured by the FDIC. The excess funds totaled \$1,957,520. The banks holding these excess funds have pledged eligible pooled securities equal to or greater than the uninsured amounts.

Grants

RCHDC receives various grants to assist with the development of specific projects and programs. Capital grants and expendable grants are received from NeighborWorks America, a sponsoring organization of RCHDC. These funds are used to assist with the development of low-income housing projects, improvements in management and planning of new programs and projects for the benefit of low-income families and seniors. The NeighborWorks America grant receipts and related expenditures are reported in the supplementary information.

Grant Liens

RCHDC regularly receives funds from various governmental or non-profit agencies in the form of non-interest bearing mortgages secured by deeds of trust related to the development of affordable housing, subject to regulatory agreements or other restrictions that require the properties to remain affordable to low-income residents for extended periods of time. RCHDC records such advances as long-term liabilities at their face amounts until the affordability restrictions have been fully satisfied. Upon full satisfaction of the affordability restrictions and the reconveyance of the deeds of trust by the granting agencies, the face amount of these liens are reported as grant income.

Development Costs

Development costs are recorded on a site-specific basis. Development costs include all expenditures necessary to complete a project including but not limited to the purchase price of land, escrow and closing costs, predevelopment costs, legal and other consulting fees, architecture and engineering costs, entitlement costs, governmental fees and permits, construction and supervision costs, and interest costs during the development process. Development costs are capitalized as construction in process until the completed project is placed in service, at which time construction in process is reclassified to land and buildings subject to depreciation, for reporting purposes.

Income Taxes

RCHDC and its controlled corporations are exempt from Federal and California income taxes because they are organized as a not-for-profit corporations exempt under Federal and California Code Sections 501(c)(3) and 23701(d), respectively.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

NOTE 2 NOTES RECEIVABLE

In assisting eligible individuals and facilitating the development or rehabilitation of low-income multifamily housing, RCHDC has provided assistance in the form of purchase money loans, which are secured by junior deeds of trust on real estate. Terms vary, but generally fall into one of the following categories:

Fund 21:

- 1. Loans are for a period of 30 years accruing interest at 4% and do not require repayment until they mature or the homeowner sells the property.
- 2. Loans are for a period of 30 years accruing interest at 4% to 5% per annum. Monthly interest and principal payments are required beginning in the sixth year until the loan is fully amortized at the end of the 30 year term or prepaid in accordance with its terms.
- 3. Fund 21 has \$70,000 of notes receivable due from CC Seabreeze, L.P. as well as \$85,000 of notes receivable due from CC Seagull Villas, L.P. The funds were loaned to these two partnerships for the rehabilitation of three low-income housing apartments in Crescent City. The loans are secured and do not accrue interest and are due on May 31, 2066, and September 30, 2066, respectively. Additionally, Fund 21 advanced \$123,700 to CC Seagull Villas, L.P. for the rehabilitation of Seagull Villa Apartments from funds that RCHDC borrowed on a line of credit from Local Initiatives Support Corporation (LISC). CC Seabreeze, L.P. and CC Seagull Villas, L.P. are related parties to RCHDC.

Fund 10:

1. Loans aggregating \$258,000 at October 31, 2008, with 30 year terms were made to homeowners from Fund 10. The loans bear no interest during the first ten years and accrue 3% simple interest thereafter for the next twenty years. Monthly payments of principal and interest commence in the sixteenth year such that all outstanding principal and accrued interest is fully amortized by the end of the 30 year term. The loans are secured by trust deeds on the properties.

NOTE 2 <u>NOTES RECEIVABLE</u> (Continued)

2. Loans aggregating \$247,731 at October 31, 2008, with 30 year terms were made to homeowners from Fund 10. The terms of these loans give RCHDC a share in the appreciation of the affordable housing that they help finance. The loans do not bear interest and require no payments unless the properties subject to the liens are sold prior to their maturity dates. The loans are secured by trust deeds on the properties. RCHDC's share of appreciation is reduced by 5% per year beginning in the eleventh year of each loan such that there shall be no amounts due to RCHDC provided the properties are held for the full 30 year terms of the loans. RCHDC's policy is to provide a valuation allowance equal to the face amount on these notes since the present value of the notes cannot be readily determined.

NOTE 3. FIXED ASSETS

Fixed assets, net of accumulated depreciation, consisted of the following at October 31, 2008:

	Beginning Balance	Additions	Deductions	Ending Balance

Redwood Court is financed with a mortgage note of \$1,854,944, with the United States Department of Agriculture, Farmers Home Administration (FmHA) under Section 515 of the National Housing Act of 1959. The mortgage note bears interest at the rate of 9.0% per annum, payable over 50 years in monthly installments of principal and interest of \$14,072 through July 2, 2037. This note is secured.		13,684	1,722,091	1,735,775
Redwood Court is also financed with a second mortgage note of \$76,923 that was obtained from FmHA on January 23, 1992 for the purpose of landscaping and installing playground equipment. The mortgage note bears interest at the rate of 8.25% and is payable over 50 years in monthly installments of principal and interest of \$538 through February 1, 2042. In addition, there is an interest subsidy from FmHA associated with these first two mortgages that reduces the effective interest rate to 1.0%. The subsidy is not recorded on the project's books as income or expense and reduces the actual monthly payments to \$4,098. This note is secured.		425	72,708	73,133
Redwood Court received an additional \$200,000 from a mortgage note secured by a deed of trust from the Fortuna Redevelopment Agency pursuant to a Promissory Note and Loan Agreement dated June 1, 2008. This Promissory Note bears interest at the rate of 3% per annum simple interest and is payable in full together with accrued and unpaid interest at its maturity on September 1, 2063. The terms of this loan include an affordability restriction on the units within the property by which the loan is secured that runs the full 55 year term of the loan. The proceeds from this loan were advanced to Pine Gardens 1 so that Pine Gardens 1 could acquire the limited partnership interest in the Partnership from Beech Villa Ltd.				
effective August 29, 2008.		-	200,000	200,000

NOTE 4. <u>LONG-TERM DEBT</u> (Continued)

	Current	Long-Term	Total	
Redwood Court also recorded a deed of trust which secures a mortgage note in favor of the State of California Department of Housing and Community Development in the amount of \$3,025,800 on September 15, 2008, for the purpose of rehabilitating the Project. However, construction has not yet commenced so that none of the loan funds were advanced during 2008. The note bears interest at the rate of 3% per annum simple interest and is repayable in annual installments commencing on the last day of the Initial Operating Year pursuant to the Regulatory Agreement out of Residual Receipts.	\$ -	\$ -	\$ -	
Clara Court LP received a start-up loan from the Redevelopment Agency of the City of Ukiah in the amount of \$300,000 secured by the land on Clara Street bearing simple interest at 3% originally due on September 5, 2005. The note has been extended until permanent financing funds.	-	300,000	300,000	
Clara Court LP also received a start-up loan from the Redevelopment Agency of Mendocino County in the amount of \$249,000 secured by land on Clara Street payable when primary financing funds. The note bears no interest as long as the resulting housing is affordable to low-income families.	_	249,000	249,000

NOTE 5. COMMITMENTS AND CONTINGENCIES

As described in Note 1, RCHDC controls the General Partner (G.P.) entities in four Limited Partnerships, which own a total of seven low-income apartment developments eligible for low income housing tax credits as follows:

Controlled G.P. Entity	<u>Limited Partnership</u>	Apartment Developments
Redwood Court Property Corporation	Redwood Court Property, A California Limited Partnership	Redwood Court Apts.
Pine Gardens I, Inc.	Orchard River Associates, L.P.	Orchard Manor Apts. Orchard Village Apts. River Gardens Apts.
CC Seabreeze, LLC *	CC Seabreeze, L.P.	Seabreeze Apts. Totem Villa Apts.
CC Seagull Villa, LLC *	CC Seagull Villa, L.P.	Seagull Villa Apts.

^{*}Pine Gardens I, Inc. is the sole member of CC Seabreeze, LLC and CC Seagull Villa, LLC.

These controlled entities have certain ongoing obligations with respect to the partnerships in which they are involved as follows:

- A) Redwood Court Property Corporation is the General Partner in Redwood Court Property, a limited partnership formed on July 1, 1987. Although most of the ongoing obligations of the General Partner have expired, it continues to fund modest amounts of negative cash flow related to the operations of the Redwood Court Apts. On August 29, 2008, Pine Gardens I, Inc., an RCHDC controlled entity, acquired the limited partnership interest in Redwood Court Property. Therefore, Redwood Court Property is now wholly owned by controlled entities of RCHDC, and has been consolidated for presentation in these financial statements.
- B) Pine Gardens I, Inc. has the following ongoing obligations related to Orchard River Associates, L.P. and the three apartment projects it owns:
 - i) Pine Gardens I, Inc., together with RCHDC, is required to maintain an aggregate net worth of not less than \$500,000.
 - ii) Pine Gardens I, Inc. is required to establish segregated Operating Reserve Accounts for each project as follows:

Orchard Manor Apts. \$80,250 Orchard Village Apts. \$70,500 River Gardens Apts. \$67,000

To date these segregated Operating Reserve Accounts have not yet been established.

NOTE 5. <u>COMMITMENTS AND CONTINGENCIES</u> (Continued)

- iii) Pine Gardens I, Inc. has guaranteed to fund the operating deficits of each project until each project has achieved a Debt Service Coverage Ratio of 1.15 to 1.00 for sixty (60) consecutive months up to an aggregate amount of \$788,925 after the segregated Operating Reserve Accounts have been exhausted.
- iv) Pine Gardens I, Inc. is required to make capital contributions to the partnership to compensate the Limited Partner for any ongoing shortfall in the tax credits which are hereinafter expected to accrue for the benefit of the Limited Partnership.
- v) Pine Gardens I, Inc. is required to make a capital contribution for the portion of the Deferred Developer Fee for each project that remains unpaid as of the end of the twelfth year following the completion of the rehabilitation of each project.
- vi) Pine Gardens I, Inc. is required to purchase the Limited Partner's interest in the partnership for the total amount of capital contributions contributed by the Limited Partner plus any expenses incurred by the Limited Partner, based upon the occurrence of various specified events related to the failure of the projects to achieve the anticipated results. The management of the partnership believes that it is very unlikely that they will have any liability related to this obligation.
- C) CC Seabreeze, LLC (Seabreeze) and CC Seagull Villa, LLC (Seagull Villa) have the following ongoing obligations related to the respective partnerships in which they have an interest and the related projects that these partnerships own:
 - i) Seabreeze and Seagull Villa have guaranteed to fund the operating deficits of each project until each project has achieved a Debt Service Coverage Ratio of 1.10 to 1.00 for three (3) consecutive years up to the following total amounts:

Seabreeze Apts. and Totem Villa Apts. \$314,594 Seagull Villa Apts. \$154,262

These obligations are required only after the Operating Reserve Target Amounts have been exhausted.

- ii) Seabreeze and Seagull Villa are required to make capital contributions to the partnerships to compensate the Limited Partners for any ongoing shortfall in the tax credits which are hereinafter expected to accrue for the benefit of the Limited Partnerships.
- iii) Seabreeze and Seagull Villa are required to make capital contributions for the portion of the Deferred Developer Fees for each project that remain unpaid as of the end of the twelfth year following the completion of the rehabilitation of each project.

NOTE 5. <u>COMMITMENTS AND CONTINGENCIES</u> (Continued)

iv) Seabreeze and Seagull Villa are required to purchase the Limited Partners' interests in the partnerships for the total amount of capital contributions contributed by the Limited Partners plus \$50,000 plus any expenses incurred by the Limited Partners, based upon the occurrence of various specified events related to the failure of the projects to achieve the anticipated results. The management of the partnerships believe that it is very unlikely that they will have any liability related to this obligation.

NOTE 6. FUNCTIONAL ALLOCATION OF EXPENSES

Expenditures incurred in connection with RCHDC operations and expenditures made for corporate purposes have been summarized on a functional basis, as administrative services, in the Statement of Activities.

NOTE 7. <u>NEIGHBORWORKS AMERICA GRANTS</u>

During the fiscal year ended October 31, 2008, RCHDC received grant funds from Neighborworks America. The grants have been recognized in multiple funds and related corporations. The following provides a listing of the grants received.

			Amount			Pe	rmanently			
Grant Type	Project Name	F	Received		Received Unrestricted		restricted	R	Restricted	
Capital	Clara Court Capital Grant	\$	100,000	\$	_	\$	100,000			
Capital	Lakewood - Family loan funds		75,000		-		75,000			
Expendable	Capacity Building Grant		75,000		75,000		-			
Total Neighborworks America Grants Received		\$	250,000	\$	75,000	\$	175,000			

NOTE 8. SELF-INSURANCE

RCHDC's dental and vision insurance plans are funded through a restricted bank account established to provide medical benefits for eligible employees and their dependents. RCHDC makes monthly contribution to the account to cover expected expenses. RCHDC deposited contributions in the amount of \$24,606 to the account during the fiscal year ended October 31, 2008.

NOTE 9. DEFINED CONTRIBUTION PENSION PLAN

RCHDC has a 403(b) defined contribution pension plan covering all employees with at least one year and 1,000 hours of service. RCHDC makes a matching contribution to the plan each year, up to, but not to exceed 5% of employees' regular pay. Total contributions for the year ended October 31, 2008 amounted to \$28,144.

NOTE 10. TRANSFER OF NET ASSETS

During the fiscal year, RCHDC transferred net assets from Fund 20 to Fund 10 in the amount of \$8,253, equal to the principal reduction in the note payable, secured by RCHDC's offices, held in Fund 10 which is paid monthly by Fund 20.

NOTE 11. BUSINESS COMBINATIONS

On August 29, 2008, Pine Gardens, I, a controlled entity of RCHDC, acquired a 99% limited partnership interest in Redwood Court Property, a California Limited Partnership, in which Redwood Court Property Corporation, a controlled entity of RCHDC, is the 1% General Partner. Redwood Court Property owns and operates Redwood Court Apartments, a 50 unit low-income apartment Project for families located in Fortuna, California. This combination was accounted for using the purchase method of accounting resulting in a write-up of the Land and Buildings owned by Redwood Court Property in the amount of \$765,627 reflecting the purchase price paid for the 99% interest in the limited partnership acquired by Pine Gardens, I. The accompanying financial statements include operations for Redwood Court Property for the period from August 30, 2008 through October 31, 2008.

NOTE 12. RESTATEMENT

Beginning net assets were restated as follows by restriction:

Net Assets, November 1, 2007	\$ 3,264,012	\$ (480,771)	\$ 353,366	\$ 3,136,607

NOTE 13. NET ASSETS

Under SFAS No. 117, RCHDC reports its financial position and activities according to three classes of net assets; unrestricted, temporarily restricted and permanently restricted.

Temporarily restricted net assets at October 31, 2008 of \$290,000 consists of \$135,000 representing the estimated fair market value of land obtained from the County of Lake that was purchased for \$1 for use by Bevins Court Housing Corporation. The land is restricted for affordable housing in Lake County for a period of 40 years from the date of the grant. The remaining \$70,000 and \$85,000 of temporarily restricted net assets represents grants received during the fiscal years ended October 31, 2006 and 2008 from the City of Crescent City to be used for the rehabilitation of three low-income housing apartments in Crescent City, California. The terms of these grants require that the three low-income housing projects in Crescent City remain affordable for 55 years from the dates of the grants.

Permanently restricted net assets at October 31, 2008 consisted of the following:

NeighborWorks America	\$ 1,454,000
HOME	221,275
Cowell Foundation	250,000
Total Permanently Restricted Net Assets	\$ 1,925,275

NOTE 14. BUSINESS CONDITIONS – OAK HILL APARTMENTS

As of October 31, 2008, Oak Hill Apartments (the Project) completed its first full year of operations. In this regard, the Project did not generate sufficient cash flow to meet its obligations. Although RCHDC advanced \$10,000 so that the Project could meet its critical obligations to third parties, the Project was unable to fund any of the replacement reserve contributions required pursuant to the Project's loan agreements with USDA/RD, HCD/Home or HCD/Joe Serna, and the Project was unable to pay all of its expenses to RCHDC for Property Insurance, Management Fees and Laundry Contract obligations. Part of the reason for this shortfall in the operating cash flow of this Project relates to the fact that the Project was involved in leasing its vacant units for most of the year ended October 31, 2008. Therefore, revenue fell short of expectations, and the Rental Assistance Subsidy from USDA/RD was much less than anticipated due to the fact that Rental Assistance is only available to occupied units. Based upon the budget that has been prepared for the period covering the fiscal year ended October 31, 2009, management anticipates that the Project may be able to achieve a small positive cash flow for this subsequent period. However, the anticipated cash flow for the fiscal year ended October 31, 2009, is not expected to be adequate to make up for the significant shortfall that occurred during the year ended October 31, 2008. Cash flow for the period subsequent to October 31, 2008, through the date of our report, appears to be significantly less than the amount budgeted and has not been adequate to fund any of the required Replacement Reserves for this subsequent period as well.

Management's Plan to Address the Business Conditions Issue

There have been inherent difficulties in leasing up this farm worker housing project. Even though the certificate of occupancy was issued July 26, 2007, Oak Hill Apartments did not approach full occupancy until October 31, 2008. Certain project expenses such as direct site employee payroll and benefits, grounds maintenance and common area utilities remain the same whether the project is occupied or not. The revenue budgeted to cover these types of expenses is limited to the rental income. Additionally, the Kelseyville Water District required that the water remain turned on in all of the vacant units, creating unexpected expense for the project. In the current fiscal year to date (2008/2009), Oak Hill Apartments has consistently experienced only about 85% - 90% occupancy, which has just allowed the project to cover normal operating expenses. Management projected that the project would have adequate funds to open a Replacement Reserve account. However, it is now apparent that there will not be sufficient cash flow to fund the account to the full 2008/2009 requirement. RCHDC will propose a workout agreement to the Oak Hill Apartments regulatory agencies to make up for the under-funded reserve amount out of cash flow in future years.

NOTE 14. <u>BUSINESS CONDITIONS – OAK HILL APARTMENTS</u> (Continued)

In the current year it has become apparent that many of the farm workers in residence at Oak Hill Apartments are seasonal workers, rather than permanent Lake County residents. It has become increasingly difficult to reach and identify permanent Lake County farm workers who qualify for residency at Oak Hill Apartments. Based on the results of our outreach efforts to recruit farm worker residents, it appears that the need for farm worker housing in Lake County has substantially decreased from November 2000, when the original Community Needs Assessment was completed during the planning process of this development. Based on that observation and after discussions with the lenders, Management is proceeding to update and expand the original Community Needs Assessment in Kelseyville. When the updated Community Needs Assessment is complete, Management intends to request a waiver for the farm worker occupancy requirements. There has been sustained interest by the non-farm worker population in residency at Oak Hill Apartments.

As owner, Rural Communities Housing Development Corporation is committed to making Oak Hill Apartments a viable project, providing affordable housing with a sustainable cash flow. To that end, if a waiver can be obtained from the Lenders so that a reasonable portion of the project could be rented to non farm workers, Management is confident Oak Hill Apartments would be able to meet all of its financial obligations, including the full funding of all required replacement reserve accounts.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Rural Communities Housing Development Corporation Ukiah, California

We have audited the consolidated financial statements of Rural Communities Housing Development Corporation (a nonprofit organization) and its affiliates as of and for the year ended October 31, 2008, and have issued our report thereon dated September 3, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control. We consider item 2008-1 of the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Project's internal control.

Our consideration of internal control over financial reporting was for limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above as material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2008-2, 2008-3 and 2008-4.

We noted certain matters that we reported to management of Rural Communities Housing Development Corporation in a separate letter dated September 3, 2009.

The Organization's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Organization's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the audit committee, Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors Rural Communities Housing Development Corporation Ukiah, California

Compliance

We have audited the compliance of Rural Communities Housing Development Corporation and its affiliates with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended October 31, 2008. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with those requirements.

As described in items 2008-2, 2008-3 and 2008-4 in the accompanying schedule of findings and questioned costs, the Organization did not comply with requirements regarding the set aside of security deposits or replacement reserves for Oak Hill Apartments as required by USDA/RD, HCD – HOME and HCD – Joe Serna loan agreements as well as the set aside of surplus cash as required by the regulatory agreement for Bevins Court Apartments. Compliance with such requirements is necessary, in our opinion, for the Organization to comply with the requirements applicable to those programs.

In our opinion, except for the noncompliance described in the preceding paragraph, the Organization complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended October 31, 2008. The results of our auditing procedures also disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2008-2, 2008-3 and 2008-4.

Internal Control over Compliance

The management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2008-2, 2008-3 and 2008-4 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We do not consider any of the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses.

The Organization's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Organization's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the audit committee, Board of Directors, management, others within the organization and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SECTION II – FINANCIAL STATEMENT FINDINGS

Oak Hill Apartments – RURAL DEVELOPMENT PROJECT #04-017-868897735 2008-1 <u>Deficient Accounting Records</u>

Condition

The books and records prepared by the RCHDC for Oak Hill Apartments were not in adequate condition to prepare accurate financial statements which could be readily audited following the closing of the books for the period ended October 31, 2008.

Effect

A significant amount of additional accounting work was required before the audit of Oak Hill Apartments could be completed for the fiscal year ended October 31, 2008.

Cause

Turnover of senior staff members within RCHDC that owns and operates Oak Hill Apartments caused senior financial staff members to temporarily fulfill other responsibilities. Therefore, the accounting records requiring the involvement of these senior financial staff members fell significantly behind.

Criteria

Books and records should be updated and maintained in a manner that permits the generation of accurate financial statements which can be readily audited.

Recommendation

Senior financial staff members should be able to remain consistently committed to the accounting and financial aspects of the Company such that accurate financial statements can be generated which can be readily audited.

Project Response and Action Plan

Management is in agreement. However, the conditions encountered during the construction and lease up of Oak Hill Apartments were unusual and not the company standard. There were many construction and funding issues with Oak Hill Apartments and to compound those problems, during the development and construction phase the Development Director retired and the construction project passed through a series of project managers. The long-time Executive Director also retired, which created further problems. Additionally the Director of Property Management resigned during the lease up phase. The Finance Director was the only senior management employee who had been involved with the development and construction of Oak Hill Apartments. Many non finance tasks were assigned to the Finance Department out of necessity. Those issues have been resolved and future developments will be handled correctly.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Oak Hill Apartments – RURAL DEVELOPMENT PROJECT #04-017-868897735 2008-2 Failure to Set Aside Security Deposits

Condition

As of October 31, 2008, approximately one-half of the Security Deposits collected from sixteen tenants during the lease-up of Oak Hill Apartments were inappropriately deposited into the Construction Bank Account rather than into a separate Security Deposit Bank Account.

Effect

The Security Deposit Bank Account was underfunded by \$5,600.

Cause

Although procedures exist requiring tenants' Security Deposits to be deposited into a designated Security Deposit Bank Account, they were not properly followed, due to a coordination issue during the lease-up of Oak Hill Apartments between the Property Management and Development departments of RCHDC.

Criteria

The Regulatory Agreement from Rural Development that affects Oak Hill Apartments together with HB-2-3560, Chapter 4, Paragraph 4.3(D) require that Security Deposits collected from tenants be deposited into a properly designated Security Deposit Bank Account.

Recommendation

The \$5,600 of Security Deposits collected from tenants that were inappropriately deposited into the Construction Account should be transferred into the Security Deposit Bank Account as soon as possible. Procedures should be followed to insure that Tenant Security Deposits received from tenants are always promptly deposited into a segregated Security Deposit Bank Account.

Project Response and Action Plan

Management is in agreement. Oak Hill Apartments rented up very slowly and erratically. All deposits were identified by tenant name and unit number in an account designated as the Oak Hill construction account. All Security Deposits were restricted until they were transferred from the Oak Hill construction account to the segregated Oak Hill Security Deposit account. While the deposits were in the construction account, they were segregated and accounted for. At this time all Security Deposits are fully and properly accounted for and are in the properly designated Security Deposit Bank Account. It is company practice and policy to immediately deposit Security Deposit funds into a segregated Security Deposit account. Again, Oak Hill Apartments leased up in such an erratic fashion that policy was not completely followed. Staff has been directed to properly follow policy and procedure in the future.

Oak Hill Apartments – RURAL DEVELOPMENT PROJECT #04-017-868897735 2008-3 Failure to Fund the Replacement Reserve

Condition

Oak Hill Apartments failed to set aside any required Reserves for Replacements into a separate Replacement Reserve Bank Account for the fiscal year ended October 31, 2008.

Effect

The Replacement Reserve Bank Account was underfunded by \$41,731 pursuant to the Rural Development Regulatory Agreement and by \$40,001 pursuant to the HCD – HOME Regulatory Agreement and the HCD – Joe Serna Regulatory Agreement.

Cause

Due to excessive vacancies related to delays in the lease-up of Oak Hill Apartments, cash flow from operations was inadequate to set aside any Reserves for Replacements during the first full year of operations ended October 31, 2008.

Criteria

The Regulatory Agreements from Rural Development, HCD – HOME and HCD – Joe Serna that affect Oak Hill Apartments together with HB-2-3560, Chapter 4, Paragraph 4.3(C) require that a predetermined amount of Reserves for Replacements be transferred from operations on a monthly basis and deposited into a properly designated Replacement Reserve Bank Account.

Recommendation

The Replacement Reserve Bank Account for Oak Hill apartments should be funded with \$41,731 as soon as possible. As a possible alternative, RCHDC may negotiate written waivers from Rural Development and HCD – HOME.

Project Response and Action Plan

Oak Hill Apartments has struggled to pay operating expenses and has not had cash flow to fund their reserves. Property Management will contact Rural Development and HCD to seek written waivers.

Bevins Court Apartments – HUD Project #121-HD069-NP-CMI/CA39Q991001 2008-4 Surplus Cash – Supportive Housing for Persons with Disabilities, CFDA No. 14.181

Condition

Bevins Court Apartments did not properly compute surplus cash.

Effect

Bevins Court Apartments did not transfer \$2,072 of surplus cash within 60 days of the fiscal year end.

Cause

Bevins Court Apartments had classified long-term accrued interest as a current obligation.

Criteria

The Regulatory Agreement for Bevins Court Apartments states "within 60 days after the end of each fiscal year, any residual receipts realized from operations of the mortgaged property shall be deposited in a separate residual receipts account."

Recommendation

Bevins Court Apartments should properly classify liabilities and transfer surplus cash to a residual receipts account.

Project Response and Action Plan

Management will establish a new residual receipts account and transfer the surplus cash as determined by the auditors.

RURAL COMMUNITIES HOUSING DEVELOPMENT CORPORATION CORRECTIVE ACTION PLAN OCTOBER 31, 2008

A Corrective Action Plan is not available and has not been submitted with the audited financial statements. If required, RCHDC will prepare its Corrective Action Plan and will submit it to all recipients of the audit report within sixty days of the issue date of the report.

RURAL COMMUNITIES HOUSING DEVELOPMENT CORPORATION SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE FISCAL YEAR ENDED OCTOBER 31, 2008

		Current	
Finding/	Finding/Recommendation		Explanation, If Not Implemented
2007-1	Lenore Street Senior Housing: During our audit we found that the October 2007 deposit was not made to the Reserve for Replacement Account in a timely manner. As of the time of our report the delinquent deposit has been made and the entity is timely on deposits to the Reserve for Replacements Account. We recommend thorough training for all new employees in order to avoid similar situations in the future.	Implemented
